

SUSTAINABILITY THAT BINDS US TOGETHER

Sustainability at Greiner Bio-One at a glance

Greiner group's sustainability strategy

Making a difference

We empower people to make a difference in health.

Our value proposition

We are committed to creating a sustainable global future and aim to be climate neutral by 2030. (scope 1 & 2 emissions)

1

Fight climate change

We want to be climate neutral by 2030. (scope 1 & 2 emissions)

2

Create a circular business

We want to be a fully circular business by 2030.

3

Empower people

We want all our employees to be prepared for the challenges of the future by 2030.

ENVIRONMENT

How we conserve resources and use energy efficiently.

- 100% green electricity in Austria and Germany
- Establishment of science-based targets in 2023
- Initiatives to reduce resources

PEOPLE

How we promote the health and well-being of everyone.

- Promoting health and occupational safety
- Training and education at Greiner Academy
- 2,360 financed typing tests for leukaemia aid

ETHICS

How we align our actions with global responsibility.

- Greiner-wide, certified compliance system
- 70% of suppliers signed Code of Conduct
- Silver medal in EcoVadis assessment in 2022
